Dear Pablo,

Thank you for your gift of \$200.00 to Children's HeartLink from the sale of Daruma dolls. This support will save the lives of children with heart disease and help build sustainable pediatric cardiology programs in underserved areas of the world.

Children's HeartLink traveled to Hospital de Base in Brazil for a cardiac training visit last June with volunteers from Children's Hospitals and Clinics of Minnesota. Dr. Marcelo Kozak, a cardiologist at Hospital de Base, when asked about the informal hands-on education and training during the visit, replied, "The discussion of cases daily in the Intensive Care Unit, the exchange of experiences and the opportunity to participate in different conducts **allows us to grow as doctors and opens our minds to new knowledge.**"

Your gift allows doctors and nurses like Dr. Kozak to grow and open their minds to new knowledge—new knowledge that will enable them to better treat children with pediatric heart disease around the world.

With heartfelt thanks,

  
Brian Herstig  
Development Director

*We are so appreciative of  
your continued support!*
